

Sinclair  
Broadcasting's  
scheduled airing of  
the John Kerry smear  
film "Stolen Honor"  
is a blatant attempt  
to influence the  
presidential  
election through  
control of the  
public airwaves.

My understanding has  
always been that  
broadcast media  
outlets use public  
airwaves and that  
they are required by  
law to impartially  
serve the public  
interest. Sinclair  
is flagrantly  
abusing their  
privilege and  
neglecting their  
responsibility  
through the airing  
of such a one-sided  
partisan rant that  
is anything but  
"real news". Their  
behavior seem intent  
only on damaging  
American democracy.

For the record, I  
object to Sinclair's  
actions and demand  
that the FCC  
vigorously address  
this violation of  
the public trust.

Thank you,
